

# MUSAB UR REHMAN

Front End Developer

+92-318 7945675

rehmanmusab0302@gmail.com

Lahore, Pakistan

## SUMMARY

Front-End Developer with a strong foundation in modern web development technologies, including JavaScript, React.js, Next.js, and Tailwind CSS. Experienced in building dynamic, responsive interfaces and integrating REST APIs. Skilled at collaborating in team environments and delivering scalable UI solutions.

## EDUCATION

### Punjab University

ADP in Information Technology  
2023 – 2025

## SKILLS

- Frontend:** HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), TypeScript (basic)
- Frameworks & Libraries:** React.js, Next.js, ShadCN UI, Framer Motion
- Backend Integration:** RESTful API integration, Axios, Laravel API consumption
- Version Control:** Git, GitHub
- Build & Deployment:** Next.js Routing, Dynamic Pages, Vercel Deployment

## PROFESSIONAL EXPERIENCE

### Front End Developer

TechOverflow | Sep 2024 – Present

- Built responsive interfaces using HTML, CSS (Tailwind) and JavaScript.
- Developed reusable components with React & Next.js and integrated REST APIs for dynamic content.
- Collaborated with back-end and design teams to implement clean, user-friendly UIs
- Contributed to performance optimization, bug fixes, and sprint-based feature delivery.

## PROJECTS

### Learning Management System (LMS)

**Stack:** Next.js, Tailwind CSS, REST API

- Built a fully responsive, feature-rich LMS platform enabling students to browse, book, and attend online courses.
- Developed dynamic course detail pages, dashboards, media tabs (PDFs, videos, webinars), and booking interfaces.
- Integrated RESTful APIs for course management, slot booking, and real-time content rendering using Next.js SSR.
- Implemented an advanced assessment module with auto-grading and manual grading support for Subjective Questions (SQs).
- Collaborated with Laravel backend developers and deployed the platform to Vercel, ensuring optimized performance and clean UX.

### E-commerce Website

**Stack:** HTML, Tailwind CSS, Javascript

- Built a responsive e-commerce site with Add to Cart, Checkout, and pagination features.
- Managed cart logic and product state using vanilla JavaScript.
- Designed a clean, user-friendly UI with Tailwind CSS, fully responsive across devices.

### Kanban Board

**Stack:** React, Typescript, Tailwind CSS

- Built a dynamic Kanban board with drag-and-drop task movement between columns using React state.
- Implemented task prioritization, status updates, and in-place editing.
- Designed a clean, responsive UI with Tailwind CSS, ensuring intuitive task management.
